EXPERIENCE

Frontend Developer

Freelancer

📅 2022 - 01/2023 📍 Global

Software companies.

- Build Over 4 website landing page for company and instagram pages.
- Build two ecommerces dashboard and website.
- Deploy all projects to hosting (cpanel , vercel).
- Work with freelance team.

ACHIEVEMENTS

Ecommerce Layout

Build Dynamic Ecommerce layout using react with type script (this layout have a base ecommerce logic with a design that depends on images that means if you change a few images you've got a new design.)

Dashboard Layout

Build Dynamic Dashboard layout in react with Type script, in addition to a command line to generate dashboard crud
